The Secretary to the Government of Madras,
Home Department.

Sir,

I have the honour to submit for the approval of the Government a site plan and an approximate estimate amounting to Rs.15:000/- for the construction of quarters for 1 Sub-Inspector and huts for 1 head constable and 6 police constables at Golithattu in the South Kanara District

2. Golithattu is situated in a highly malarial tract and suitable houses for the police staff are not available in the locality in spite of the high rates of rent being offered for them. The houses in which the staff are at present accommodated are most insanitary with the result that there is much sickness. The construction of quarters for the staff is therefore, I consider, necessary

3. The "Statement to accompany estimates costing over Rs.5000/-" is enclosed.

4. This proposal may kindly be treated as a Part II Scheme for 1937-1938.

I have the honour to be,
Sir,
Your most obedient servant,

(*a*) Savings in rent charges.

* The expenditure anticipated in 1937–38 will be met from the lump-sum provision for minor works made in Part I and no additional provision in Part II is necessary.

NOTE BY THE ADMINISTRATIVE DEPARTMENT.

Housing schemes for the police stand on a footing different from those of other departments, firstly because officers of other departments are not usually entitled to rent-free quarters and secondly (and more important) because in the case of the police it is advisable to have both officers and men concentrated in as central a position as possible so that they can easily be found and be available for duty at short notice in case of an emergency, such as a riot or other disturbance. Further, the schemes will give some return on the capital outlay in the shape of saving of house-rent in the case of officers entitled to rent-free quarters or recovery of rent according to rules in the case of others.

The first instalment of such schemes was commenced in 1935–36 and the second in 1936–37. The total estimated cost of these two instalments (works expenditure only) is about Rs. 12·94 lakhs, out of which an amount of Rs. 3·64 lakhs is expected to be incurred up to the end of 1936–37 and of Rs. 1·91 lakhs in 1937–38. The balance of commitment in respect of these two instalments at the end of 1937–38 will be about Rs. 7·39 lakhs.

In 1937–38 it is proposed to commence the third instalment of housing schemes estimated to cost Rs. 9,89,100 ultimately and Rs. 1,46,800 in 1937–38 and to meet the expenditure from loans. A list of these schemes arranged in the order of urgency with brief explanatory notes is appended. Other minor works, which if taken up in conjunction with some of these housing schemes will be conducive to economy, have also been included in this list. These will be financed from current revenues.

The financial return in the shape of savings in house-rent in the case of officers entitled to rent-free quarters and recovery of rent in the case of others is roughly estimated at Rs. 25,700 per annum in the case of the housing schemes mentioned in the appendix or about 2·59 per cent of the cost.

This department accordingly recommends the inclusion of a provision of Rs. 1,46,800 for expenditure on the third instalment in 1937–38.

H. M. HOOD—2-3-37.

NOTE BY THE FINANCE DEPARTMENT.

The proposal may be considered as a Part II scheme for 1937-38.

1 Madras City.	Central station and Salt Cotaurs —Quarters for the Railway Police staff.	31. a. Civil Works —Not charged to Revenue— Original Works —Buildings— Police.	1,48,700	85,000	The sanctioned strength of the Railway Police staff attached to the Central Police station and Salt Cotaurs Police outpost is 1 Inspector, 3 Sergeants, 2 Sub-Inspectors, 7 head constables and 43 constables. Quarters exist for 1 head constable and 22 constables of the Central station but none for those of the Salt Cotaurs out-post. Quarters are therefore required for 1 Inspector, 3 Sergeants, 2 Sub-Inspectors, 6 head constables and 21 constables. The men are living scattered in various parts of the city and cannot be got together in an emergency. It is very difficult to get rented accommodation for the staff near the stations as these are located in busy parts of the city. In the interests of discipline and efficiency as well as of health, it is essential for the men to be concentrated and provided with quarters at an early date.
2 Kurnool.	Quarters for the District Superintendent of Police.	Do.	31,600	2,000	The District Superintendent of Police is now housed in a private bungalow leased for a period of five years from 9th April 1934.
